

WELCOME TO THE LITTLE ROYALS SWIM SCHOOL

The Little Royals Swim School offers an all year round term program which runs for 9-10 weeks in duration (based on the school terms). Lessons will not be held on public holidays, an alternative date will be provided instead.

All of our instructors are professionally qualified and attend regular in-house training to maintain industry standard skills.

Our program strives to deliver a professional and fun program while learning basic self-survival; skills and incorporating swimming techniques to develop a strong and confident swimmer. Our focus is on water safety to ensure all students and families can be safe in and around the water. We cater for children aged 6 months of age to adults and specials needs.

Two (2) makeup lessons per term (if there is a position available) are available and must be used within the term your child is booked into.

Makeup lessons are made up AFTER your missed lesson. You must notify us 48 hours prior to your child's lesson either by phone or email if you cannot attend a lesson. If you do not notify us prior to the lesson that you are not attending you will not be allocated a makeup lesson unless a medical certificate can be provided.

During the school holidays we offer five (5) day intensive swimming program to continue developing your child's water safety and swimming skills.

Each student must be signed in before entering swimming lessons, this is so we know who is on site for any safety or evacuation reasons. It also gives the learn to swim staff the opportunity to meet our parents and students and to get to know you better.

If you have any enquiries regarding lessons or your child's development please contact the learn to swim coordinator. Our instructors are on a schedule and are unable to directly talk to our parents.

**We look forward to your child and family joining the
Little Royals Swim School.**
